THE OFFICE OF ACCESSIBLE EDUCATION
AND APPLE PRESENT:

APPLE ACCESSIBILITY: TOOLS FOR EVERYONE

Did you know Apple has built-in accessibility features such as Voice Control? Join us to find out how to customize your Apple iPhone, Mac, or iPad with this and more so that it works best for you.

MONDAY, FEBRUARY 24, 2020
3:30 PM - 5:30 PM
WALLENBERG 123, 124 AND 125

Presentation Schedules:

3:45 - 4:10: Improve Vision | The tools that let you better see the content on your Apple device
4:15 - 4:40: Enhance Learning | Text to Speech, Word Completion and tools to reduce distractions
4:45 - 5:15: Tips and Tricks | Use accessibility features to get more out of your iPhone, iPad or Mac

Plus breakout sessions so you can ask specific questions about Apple’s accessibility features.
